SHORT PAPER. Inhibition of in Vitro Growth of <i>Plasmodium falciparum</i> by Purified Antimalarial Human IgG Antibodies. Isolation of Target Antigens from Culture Supernatants. <i>S. Jepsen</i>	567

Referees

The following scientists have served as referees for the *Scandinavian Journal of Immunology* in 1983. We hereby thank each and all of them for their valuable work.

- Kjell Aas, Department of Pediatrics, Rikshospitalet, Oslo, Norway.
- Gordon L. Ada, Microbiology Department, John Curtin School of Medical Research, Canberra, Australia.
- Dagfinn Albrechtsen, Surgical Department B, Rikshospitalet, Oslo, Norway.
- Vagn Andersen, Medical Department T.A., Copenhagen University Hospital, Copenhagen, Denmark.
- Birger Andersson, Institute of Tumor Biology, Karolinska Institute, Stockholm, Sweden.
- Jan Andersson, Department of Immunology, Uppsala University, Uppsala, Sweden.
- Leif Andersson, University of Helsinki, Helsinki, Finland.
- Ruth Arnon, Department of Immunochemistry, The Weizmann Institute of Sciences, Rehovot, Israel.
- Birgitta Askonas, National Institute for Medical Research, London, England.
- Nils H. Axelsen, The State Serum Institute, Copenhagen, Denmark.
- Fritz H. Bach, Immunobiology Research Center, University of Minnesota, Minneapolis, Minnesota, USA.
- M. A. Back, Institut Pasteur, Paris, France.
- Gunnar Bendixen, Medical Department T.A., Copenhagen University Hospital, Copenhagen, Denmark.
- K. Bendtzen, Medical Department T.A., Copenhagen University Hospital, Copenhagen, Denmark.
- Bjørn O. Bergholtz, The Tissue Typing Laboratory, Rikshospitalet, Oslo, Norway.
- Arne Bøyum, Division for Toxicology, The Norwegian Defence Research Establishment, Kjeller, Norway.
- Per Brandtzaeg, Institute of Pathology, Rikshospitalet, Oslo, Norway.
- K. Cantell, Central Public Health Laboratory, Helsinki, Finland.
- J. Donald Capra, University of Texas, Dallas, Texas, USA.
- Jean-Charles Cerottini, Ludwig Institute for Cancer Research, Lausanne, Switzerland.
- Otto Closs, National Institute of Public Health, Oslo, Norway.
- Alan S. Cohen, University Hospital, Boston, Massachusetts, USA.
- A. Coutinho, Department of Immunology, Institut Pasteur, Paris, France.
- Miclos Degré, National Institute of Public Health, Oslo, Norway.
- Ebbe Dickmeiss, Hvidovre Hospital, Hvidovre, Denmark.
- Jan H. Dobloug, Department of Infectious Diseases, Ullevål Hospital, Oslo, Norway.
- Torstein Egeland, Institute of Immunology and Rheumatology, Rikshospitalet, Oslo, Norway.
- Klaus Eichmann, Max-Planck-Institute for Immunobiology, Freiburg, FRG.
- Said Elsayed, Laboratory of Clinical Biochemistry, University of Bergen, Bergen, Norway.
- Cornelius P. Engelfriet, Central Laboratory of The Netherlands Red Cross Blood Transfusion Service, Amsterdam, The Netherlands.
- Trond Eskeland, Institute of Medical Biology, University of Tromsø, Tromsø, Norway.
- Astrid Fagraeus, State Bacteriology Laboratory, Stockholm, Sweden.
- Ten Feizi, Clinical Research Centre, Harrow, Middlesex, England.
- S. Fossum, Anatomical Institute, University of Oslo, Oslo, Norway.
- Stig S. Frøland, Department of Medicine, Rikshospitalet, Oslo, Norway.
- H. Hugh Fudenberg, Department of Basic and Clinical Immunology and Microbiology, Medical University of South Carolina, Charleston, South Carolina, USA.
- Ralph van Furth, Department of Infectious Diseases, University Hospital, Leiden, The Netherlands.
- Per Ivar Gaarder, National Institute of Public Health, Oslo, Norway.
- J. Gergely, National Institute of Hematology and Blood Transfusion, Budapest, Hungary.
- Tore Godal, The Norwegian Radium Hospital, Oslo, Norway.
- Pierre Goldstein, Centre d'Immunologie de Marseille-Luminy, Marseille, France.
- M. Greaves, Imperial Cancer Research Fund, London, England.
- Howard M. Grey, National Jewish Hospital and Research Center, Denver, Colorado, USA.
- Pekka Häyry, Transplantation Laboratory, University of Helsinki, Helsinki, Finland.
- Sten Hammarström, Department of Immunology, University of Stockholm, Stockholm, Sweden.
- Kristian Hannestad, Department of Immunology, University of Tromsø, Tromsø, Norway.
- Lars Åke Hanson, Department of Immunology, Institute of Medical Microbiology, Gothenburg, Sweden.
- Morten Harboe, Institute for Immunology and Rheumatology, Oslo, Norway.

- H. E. Heier, National Institute of Public Health, Oslo, Norway.
- Henry Hirschberg, Tissue Typing Laboratory, Rikshospitalet, Oslo, Norway.
- Göran Holm, Department of Clinical Immunology, Huddinge University Hospital, Huddinge, Sweden.
- Gunnar Husby, Department of Rheumatology, University of Tromsø, Tromsø, Norway.
- Trond O. Jørgensen, Department of Medical Biology, University of Tromsø, Tromsø, Norway.
- S. Gunnar O. Johansson, Karolinska Hospital, Stockholm, Sweden.
- Mikael Jondal, Karolinska Institute, Stockholm, Sweden.
- R. Kiessling, Department of Tumor Biology, Karolinska Institute, Stockholm, Sweden.
- K. Kiviniikka, University of Oulu, Oulu, Finland.
- Jan Klein, Max-Planck-Institute for Immunology, Tübingen, FRG.
- Göran Kronwall, Institute of Medical Microbiology, Lund, Sweden.
- Henry G. Kunkel, The Rockefeller University, New York, New York, USA.
- Peter J. Lachmann, Laboratory of Molecular Biology, The Medical School, Cambridge, England.
- Jon Lamvik, Division of Haematology, Trondheim Regional Hospital, Trondheim, Norway.
- Anna-Brita Laurell, Institute for Medical Microbiology, Lund, Sweden.
- Tor Lea, Institute of Immunology and Rheumatology, Rikshospitalet, Oslo, Norway.
- Martinus Løvik, Bacteriological Department, National Institute of Public Health, Oslo, Norway.
- Olli Mäkelä, Department of Serology and Bacteriology, University of Helsinki, Helsinki, Finland.
- F. Melchers, Basle Institute for Immunology, Basle, Switzerland.
- Ove J. Mellbye, Institute of Immunology and Rheumatology, Rikshospitalet, Oslo, Norway.
- Håkan Mellstedt, Radiumhemmet, Karolinska Hospital, Stockholm, Sweden.
- Terje Michaelsen, National Institute of Public Health, Oslo, Norway.
- J. F. A. P. Miller, The Walter and Eliza Hall Institute of Medical Research, Royal Melbourne Hospital, Victoria, Australia.
- Erna Möller, Department of Immunology, The Wallenberg Laboratory, Karolinska Institute, Stockholm, Sweden.
- Berit Mörlund, Department of Odontology, University of Oslo, Oslo, Norway.
- Jacob B. Natvig, Institute of Immunology and Rheumatology, Rikshospitalet, Oslo, Norway.
- Erling Norrby, Department of Virology, Karolinska Institute, Stockholm, Sweden.
- Michael Oldstone, Department of Experimental Pathology, Scripps Clinic and Research Foundation, La Jolla, California, USA.
- Sjur Olsnes, The Norwegian Radium Hospital, Oslo, Norway.
- William E. Paul, National Institute of Health, Bethesda, Maryland, USA.
- Peter Perlmann, Department of Immunology, The University of Stockholm, Stockholm, Sweden.
- Per Frithjof Pfeffer, Department of Surgery, Rikshospitalet, Oslo, Norway.
- E. Øvigstad, The Tissue Typing Laboratory, Rikshospitalet, Oslo, Norway.
- Klaus Rajewsky, Institute of Genetics, University of Cologne, Weyertal, FRG.
- Bent Rubin, Centre d'Immunologie de Marseille-Luminy, Marseille, France.
- Lars P. Ryder, The Tissue Typing Laboratory, Rikshospitalet, Copenhagen, Denmark.
- Rolf Seljelid, Institute of Medical Biology, University of Tromsø, Tromsø, Norway.
- Morten Simonsen, Institute of Experimental Immunology, Copenhagen, Denmark.
- K. Sletten, Department of Biochemistry, University of Oslo, Norway.
- Ralph M. Steinman, Rockefeller University, New York, New York, USA.
- Sven Erik Svehag, Institute for Microbiology, Odense, Denmark.
- Arne Svejgaard, Tissue Typing Laboratory, State University Hospital of Copenhagen, Copenhagen, Denmark.
- Per Teisberg, Department of Medicine, Rikshospitalet, Oslo, Norway.
- Erik Thorsby, Tissue Typing Laboratory, Rikshospitalet, Oslo, Norway.
- Olav Tønder, Department of Microbiology, The Gade Institute and Broegelmann Research Laboratory for Microbiology, University of Bergen, Bergen, Norway.
- Paavo Toivanen, Department of Medical Microbiology, University of Turku, Turku, Finland.
- Malcolm W. Turner, Department of Immunology, Institute of Child Health, London, England.
- Frode Vartdal, Institute of Immunology and Rheumatology, Rikshospitalet, Oslo, Norway.
- Hans Wigzell, Department of Immunology, Uppsala University, Uppsala, Sweden.
- Robert Winchester, The Rockefeller University, New York, New York, USA.
- Moris Ziff, The University of Texas Southwestern Medical School at Dallas, Department of Internal Medicine, Dallas, Texas, USA.
- R. M. Zinkernagel, Institute of Pathology, University of Zurich, Zurich, Switzerland.
